

A Play Area for All, Now Open at Boones Ferry Park

Another unique, new park playground is now available for kids in Wilsonville to enjoy.

The new play equipment at Boones Ferry Park is specially designed to appeal to kids of all ages and abilities. The fenced-in space includes turf surfacing, an accessible whirl spinner, a companion swing, a roller slide and more amenities to promote inclusive play.

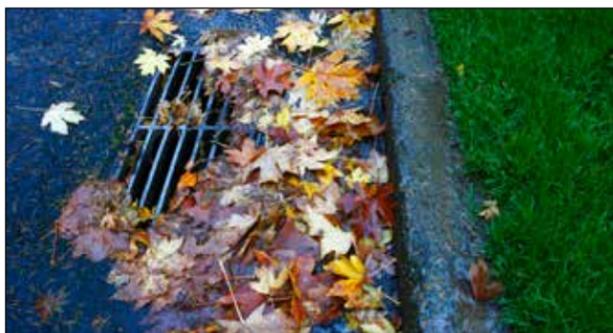

The City continues to invest in this wooded 15.4-acre park, which includes seven undeveloped

acres and the historic Tauchman House, which once housed the operator of the historic Boones Ferry.

Restrooms at the site were recently reconstructed to modern standards, with ADA-accessible single stall units.

Future improvements at the park are outlined in the 2018 Boones Ferry Master Plan to provide better access to the Willamette River and add additional amenities for park visitors. Learn more online at wilsonvilleparksandrec.com/BFpark

Be a Good Neighbor: Avoid Sweeping Leaves Into Roadways

Fall leaves look beautiful ... until they are clogging storm drains, flooding roadways and polluting the water in local streams and rivers!

When tending to the yard, avoid raking or blowing leaves, grass clippings or any other yard debris onto streets, as these items cannot be removed effectively by street sweepers. The accumulation of leaves on streets endangers motorists and bike riders, whose tires may slip on wet leaves.

Leaves and other debris also harm waterways, and can starve fish by depleting oxygen as they decay.

Help keep our community healthy and livable by responsibly collecting and disposing of leaves.

Leaves left in residential yard-debris carts will be collected by Republic Services. Avoid compacting debris; overweight barrels create collection problems for cart lifts. Recyclable or biodegradable lawn and leaf bags can be set beside your debris cart for collection.

Other disposal methods:

1. Composting: Develop your own organic matter like soil to repel weeds and retain moisture. Many online tutorials cover the basics.
2. Recycling: Leaves and other yard debris can be off-loaded at two nearby locations:
 - Grimm's Fuel, 18850 SW Cipole Rd., Tualatin, 503-692-3756
 - S&H Recycling, 20200 SW Stafford Rd., Tualatin, 503-638-4909
3. Bringing them to Wilsonville's Leaf Drop-Off Day on Nov. 23 (details below).

Keeping leaves off of roadways improves safety, prevents flooding and protects the aquatic habitat.

Fall Leaf Drop at City Hall Set for Nov. 23 at City Hall Parking Lot

The annual Leaf Drop-Off at City Hall takes place on Saturday, Nov. 23, 9 am-2 pm.

Residents are invited to drop-off leaves only — no other yard debris, please! — at the City Hall parking lot, 29799 SW Town Center Loop East.

City Public Works employees will be on hand to assist residents with disposing of leaves into large dumpsters provided by Republic Services.

While no fee is charged for dropping off leaves, the City suggests that participants bring

a cash or check donation for Wilsonville Community

Sharing, operator of the community food bank and social-services referral agency; to learn more, visit WilsonvilleCommunitySharing.org.

The City recommends bagging leaves in large paper bags (available from local hardware stores) that can

be recycled rather than non-recyclable plastic bags.

The annual leafcollection event is a component of Republic Services' franchise agreement for solid-waste collection and disposal services with the City of Wilsonville.

Mayor's Message

New Park a Shining Example of a Wilsonville Everyone Can Enjoy

Perhaps the most fun, energizing event I've enjoyed as mayor this year was the recent ribbon-cutting to celebrate the new playground equipment at Boones Ferry Park in Old Town, where Boones Ferry Road meets the Willamette River.

Beautiful river views and shade from the towering conifers and leafy maples set the stage, but it was the jubilant crowd that made this a picture-perfect day. I watched kids of all ages, ethnicities, and abilities bask in the glory of the park's new amenities (several even helped us cut the ribbon!)

I've made three subsequent visits, each time delighting in seeing kids at play as parents enjoy the security and serenity of this beautiful site, where the previous playground was old enough to remind me of those I played on in grade school when playgrounds were inaccessible or even dangerous for some kids.

Diane Imel is an octogenarian and a member of the city's Diversity, Equity and Inclusion Committee who has used a wheelchair for 54 years. Diane knows the struggle of driving to her destination and transferring into her wheelchair, only to find limited access that hinders her ability to go where she needs and wants to go.

I was touched by Diane's recent letter to the Wilsonville Spokesman, in which she extolled the unique features of the Boones Ferry Park playground with joy and with a viewpoint honed by her life experience.

Said Diane, "We have a new treasure in our town of Wilsonville... If you have not visited this park, you're missing a wonderful opportunity to view what we in the disabled community have long advocated for. It is a most accessible, enchanting place with climbing apparatuses, swings for mom and child, bouncy rides, slides, etc. that all the children of various abilities are able to

When we talk about the Wilsonville Way, we're talking about providing a city that everyone can enjoy, feel included, and be safe.

enjoy, squeal and just play ... have a ball! ...

I was in awe watching children with their elders enjoying the various slides and rides, swings and climbing structures!"

Imagine the disappointment of visiting a playground, and realizing you or your child couldn't participate because of steep stairs, uneven surfaces and/or exclusionary design. Or, if getting into the playground was not a problem, realizing the play amenities were not accessible.

When we talk about the Wilsonville Way, we're talking about providing a city that everyone can enjoy, feel included, and be safe. This playground achieves just that.

To all of the residents, business owners, home builders, remodelers, volunteers, elected officials and City staff who strive to make it possible for everyone to enjoy our built environment by making City programs and amenities welcoming and accessible, thank you!

On a clear fall day, pay this park a visit and see for yourself just what we're capable of when we're looking out for everyone in our community.

Construction at Future Reservoir Site to Cause Two-Day Closure Along Tooze Road

To increase the resilience of the local water supply in the event of an emergency and support future growth, the City of Wilsonville is beginning construction of a 3-million-gallon water storage reservoir just outside of city limits, in unincorporated Clackamas County, at 12711 SW Tooze Rd.

The Westside Reservoir Project requires the installation of a storage tank and about 3,000 linear feet of new 24-inch water transmission line under Tooze Rd. from the project site to SW Grahams Ferry Rd.

As this work takes place, neighbors and commuters will incur delays, rough roadways, construction noise, and intermittent road closures.

On Nov. 4-5, a complete two-day road closure is required along the northernmost segment of Tooze Rd. Pending Clackamas County approval, this roadway is closing to thru traffic at 7 am on Monday (Nov. 4), to be re-opened by 5 pm on Tuesday (Nov. 5). Only emergency vehicles are permitted during the closure.

The northernmost portion of Tooze Rd., east of Baker Rd., is closed to thru traffic Nov. 4-5.

Other vehicles may bypass construction via Westfall Rd./Baker Rd. for the duration of the closure.

Once the roadway is re-opened to thru traffic, pipe installation is to continue along this segment of Tooze Rd., making delays possible. The roadway will be reduced to one lane during weekday work hours, with

flaggers directing traffic in both directions.

This winter, project leaders anticipate two additional two-day closures of SW Tooze Road directly north of the Tooze Road/SW Westfall Road intersection. Work to complete the transmission line is expected to be completed by Feb. 2025, after which the impacted roadway will be re-paved and striped.

Designed to modern seismic and operational standards, the Westside Reservoir increases the City's water storage and delivery capacity. Locating this site on City-owned property reduces the project cost and provides additional available space for future system improvements.

Future closure dates will be posted at ci.wilsonville.or.us/reservoir as they become available.

For additional information on this project, contact Senior Civil Engineer Mike Nacrelli, 503-570-1540, mnacrelli@ci.wilsonville.or.us.

Nov. 7 Open House to Inform Future Brown Road Improvements

The Brown Road Improvement Project, which is scheduled to take place in 2026, is providing roadway upgrades that put Brown Road in closer alignment with current City standards for urban roads.

The project team is gathering public input to ensure that this project effectively meets the needs of nearby residents and others impacted by these improvements to the City's infrastructure before the work is scheduled to begin.

The City is hosting a drop-in open house on Thursday, Nov. 7, at Inza R. Wood Middle School (11055 SW Wilsonville Rd.) to discuss the scope of

the project, answer questions, and gather information to inform the roadway design. Neighbors and interested parties may drop in at their convenience at anytime between 5:30 and 7:30 pm. All ages are welcome; translation services are available upon request.

The section of Brown Rd. to be upgraded with this project extends from SW Wilsonville Rd. to SW Evergreen Dr. (as pictured at right). The anticipated upgrades improve roadway safety and connectivity by adding bike lanes, sidewalks, and turn lanes to yield safer access to adjacent neighborhoods.

To learn more about the project, visit letstalk-wilsonville.com/brown-road-improvements-upgrades or contact Marissa Rauthause, Civil Engineer, 503-570-1538, mrauthause@ci.wilsonville.or.us.

Preparing Food Without Power During an Emergency

With the approach of winter weather and recent coverage of Atlantic coast hurricanes, our Wilsonville Ready team is underscoring the importance of being prepared for power outages in the event of emergencies.

Preparation includes being prepared with adequate food and water, of course,

but what about preparing food without power for a refrigerator or stove? Fortunately, with simple preparations, it's possible to safely prepare nourishing food during an emergency.

Cooking Without Power

Cooking without power requires being resourceful. One of the simplest options is a camp stove or portable gas stove powered by small propane or butane canisters. These stoves are perfect for boiling water, reheating canned foods, and cooking simple meals. Grilling is another option; a charcoal or propane grill can cook

Always use camp stoves and grills outdoors in well-ventilated areas to avoid carbon monoxide poisoning. Cooking over a fire pit or campfire using a cast iron skillet or Dutch oven is another option. Monitor foods closely for safety and to ensure they're evenly cooked.

If fuel is scarce, choose fast-cooking food and make only enough for one meal at a time. Food left at room temperature for too long can make you

Home pantries should include dried or canned goods and other nutritious non-perishable items that could be easily prepared and served without power in the event of emergency.

like vegetables, fruits, soups, and canned meat like tuna and chicken are excellent options. They're pre-cooked, shelf-stable, and can be eaten from the can. Just remember to have a manual can opener handy!

Dried staples — such as rice, pasta, oats, and lentils — are also essential, and it's a good idea to stock up on high-energy foods like peanut or almond butter, nuts, seeds, and granola bars for quick, nutrient-dense sources of calories. To keep your spirits up, remember to include comfort foods like chocolate, crackers, and other favorite snacks that store well.

Consider fresh items with a longer shelf life; root vegetables like potatoes, carrots, onions, apples, and citrus fruits can last weeks unrefrigerated.

Take into consideration any special dietary needs for the people in your household and stock up accordingly. Additionally, have plenty of water stored for hydration and sanitation. A general rule is to have at least one gallon of water per person per day for two weeks.

By preparing ahead, you can help ensure your household has healthy, plentiful food in the wake of an emergency. For more emergency preparedness information, visit wilsonvilleready.com

sick, so be careful with leftovers.

If no heat source is available, consider ready-to-eat foods or meals that don't require cooking.

Choosing Foods for Emergencies

When stocking up on emergency food, it's crucial to include non-perishable, nutritious staples that are easy to store. Canned goods

Wilsonville's ballot drop is located at City Hall

Don't Forget to Vote! Ballots Due on Nov. 5

In the Nov. 5 general election, registered Wilsonville voters may cast their ballot to elect a new mayor and two new City Councilors. The current terms of Mayor Julie Fitzgerald, Council President Kristin Akervall, and Councilor Joann Linville expire on Dec. 31; none are seeking re-election.

Three candidates are seeking to become the 10th mayor in Wilsonville's history. They are Rob Candrian, Glenn Lancaster and Shawn O'Neil.

Additionally, four candidates are vying for two open City Council seats: Adam Cunningham, Ginger Fitch, Elizabeth Peters, and Anne Shevlin. The two candidates who receive the most votes are elected.

Wilsonville's mayor and city councilors serve four-year terms; seats are non-partisan.

Ballots were mailed to registered voters on Oct. 16. They must be returned to an official ballot drop site before 8 pm on Tuesday, Nov. 5, or returned by mail with a valid postmark no later than Nov. 5.

Wilsonville's ballot drop is located in the parking lot of City Hall (29799 SW Town Center Loop E.)

Be Seen. Be SMART.

SMART is promoting safety and visibility for commuters by handing out safety lights and reflective items (while supplies last) at the Wilsonville Transit Center on Monday, Nov. 4 and at Town Center Park on Thursday, Nov. 7, during commute hours. Stop by and say hello and pick up your free safety items.

Route 2X Now Includes 30-Minute Service on Weekdays

Midway through October, SMART switched to 30-minute service on the weekday 2X. A bus now leaves Wilsonville for Tualatin Park & Ride and back every 30 minutes at the top and bottom of every hour between 6 am and 7:30 pm.

Ruby Bridges Walk to School Day

Ruby Bridges Walk to School Day, on Thursday, Nov. 14, celebrates Ruby's courage, providing a walk to school and the perfect opportunity to teach children about the civil rights movement and connect to today's collective efforts for change.

Volunteers Needed to Adopt-a-Road for Quarterly Roadway Cleanup

Looking for a volunteer activity to bolster a résumé or to help keep you active and engaged with your community?

The City of Wilsonville’s Adopt-a-Road program provides an opportunity for local businesses, families, service groups, and individuals to “adopt” a portion of Wilsonville’s roadway to help keep the city beautifully maintained.

Adopt-a-Road volunteers participate in clean-up efforts, picking up litter along their adopted stretch of road on a quarterly basis — four times per year — at their convenience; clean ups are scheduled by each individual group. Equipment is provided by the City.

Becoming an Adopt-a-Road volunteer is easy; the application can be completed and submitted online. Once approved, group members must simply complete and return the volunteer agreement and watch a brief training video, and schedule their first clean-up date.

Once a group has completed its third clean-up effort, it can apply for a personalized sign that designates their adoption and acknowledges the work they are doing on the community’s behalf.

Visit ci.wilsonville.or.us/adopt to learn more, view a map of roadways available for adoption, and/or to apply.

For more information, contact the City of Wilsonville’s Public Works department, 503-682-4092.

ODOT Delivers Progress Report on I-5 Boone Bridge Replacement

More than 70 residents, elected officials and interested parties convened at City Hall in mid-September at an open house hosted by Oregon Department of Transportation (ODOT).

ODOT presented a report on progress toward construction of a new, earthquake-resistant I-5 Boone Bridge that would improve traffic flow and reduce the daily bottleneck that impacts local traffic in Wilsonville with a southbound auxiliary lane to

accommodate local commuters.

At the hour-long presentation, which included questions from attendees, ODOT staff mentioned that the project would include bike/ped facilities as required for federal- and state-funded highway projects. That could include the construction of Wilsonville’s planned French Prairie Bridge.

For more information on the proposed I-5 Boone Bridge Replacement, visit bit.ly/ODOTstudy

Survey: City Seeks Parents to Help Provide Insight on Childcare Challenges

A local Childcare Provider Consortium established by the City of Wilsonville is encouraging parents of young children to participate in a short survey that is helping the City to gather new insights pertaining to the challenges families are now facing in procuring and affording childcare in Wilsonville.

Childcare Survey
Before Nov. 30
bit.ly/WVchildcare

The survey is available at bit.ly/WVchildcare; anyone using and/or seeking childcare is encouraged to participate. This survey is a follow-up to a survey previously distributed in 2022 to begin the critical work of finding solutions to improve accessibility and afford-

ability of child care for Wilsonville families.

This new survey was launched in conjunction with the City’s annual Party in the Park event in August. The Consortium is continuing to solicit survey responses through the City’s typical communications channels to gather input throughout the fall.

Once survey results are tabulated late this year, the Consortium is expected to report the survey’s summary findings to the City Council.

For more information on the Childcare Provider Consortium, contact Matt Lorenzen, Economic Development Manager, at 503-570-1539, mlorenzen@ci.wilsonville.or.us.

Season of Giving Gets Underway Nov. 1

Our annual Toy Drive begins on Nov. 1. New, unwrapped toys may be dropped under our holiday tree at the Community Center, weekdays between 8 am and 5 pm, through Dec. 6. All donated toys are being distributed to families in need this holiday season.

Tree Lighting:

This year’s Holiday Tree Lighting takes place on Thursday, Dec. 5, 5:30-7:30 pm at Town Center Park. Join us, and enjoy performances by local choir

groups, Innovative Dance, the Wilsonville Ukulele Players Society, and pictures with Santa!

“Letters to Winter Wonderland:” This beloved annual program runs Dec. 2-18 at the Parks and Rec. Admin. Building and the Community Center. Pick up a letter template and drop completed letters any weekday between 8 am and 5 pm. Those submitted with a return address by Dec. 18 will receive a reply!

Fill a Stocking for a Wilsonville Senior!

The Parks and Recreation Department is enlisting the help of the community to fill and donate stockings for seniors enrolled in the Community Center’s Home Delivered Meal Program.

Filled stockings can be donated to the Wilsonville Community Center, Monday through Friday 8 am to 5 pm from November 1 - December 6.

Fun items to include in your stocking might be small games/puzzles or a keepsake ornament. Useful gifts include personal care items, greeting cards/stamps, gift cards to local grocery stores, coffee/tea/cocoa and wrapped snacks.

Volunteer Drivers Needed to Deliver Meals

The Community Center’s Home Delivered Meal program is in need of volunteers to deliver meals 1-2 days per month from 10:30 am–1 pm.

Meals are prepared by the Community Center nutrition staff and Monday, Tuesday, Wednesday and Friday. Our drivers drop meals and check in with clients for brief conversation.

Contact Nutrition Coordinator Janice Mash, 503-570-1527, to learn more, or apply online at ci.Wilsonville.or.us/Volunteer.

City Earns Honors at Parks & Rec. Conference

At the Oregon Recreation & Park Association’s (ORPA) annual conference in Sunriver, Ore., Oct. 23-25, the City of Wilsonville’s Parks and Recreation team was recognized with awards for its management of the Stein-Boozier Barn and its longstanding partnership with the Korean War Memorial Foundation of Oregon (KWMFO).

The City received the **2024 Outstanding Maintenance and Asset Management Award** for its ongoing work to revitalize the 124-year-old Stein-Boozier Barn at Murase Plaza in Memorial Park.

Parks crews have worked diligently for nearly a decade to ensure the barn is not only safe, clean and historically-preserved, but is also serving the community as a high-quality facility for weddings and other private and public events.

A renovation of the front lawn, completed by Parks staff, has doubled the available outdoor area commonly used for wedding receptions. The team sourced and installed plants to beautify the rental space and provide an intimate setting distinctly separate from the nearby playground. Additionally, a retaining wall was built to ensure that flooding doesn’t limit accessibility for people with mobility issues.

Featured prominently in local wedding venue guides, the Stein-Boozier Barn hosts 30-40 private events annually, as well as the City’s Fall Harvest Festival, Emergency Preparedness Fair, and other community events. The revenue generated from private rentals supports continued maintenance to ensure that the iconic structure remains a park centerpiece.

The **2024 Private Sector Partner Award** recognizes partnerships that significantly contribute to Parks and Recreation in Oregon. This year’s recipient is

the Korean War Memorial Foundation of Oregon (KWMFO), in recognition of its close partnership with the City of Wilsonville since 2012 to support programming that honors Korean war veterans and educates young people about the Korean conflict.

Wilsonville’s Town Center Park is the site of the majestic Oregon Korean War Memorial. The KWMFO gifted a bronze statue of General Douglas MacArthur, which was constructed at the Memorial in 2017.

This summer, the City and the Foundation celebrated the grand opening of the Korean War Memorial Interpretive Center at the Parks and Recreation Administration Building. This permanent exhibit, financed and donated by the KWMFO, features video interviews, maps of famous battles, artifacts, photos and more to keep the memory of Korean War service members alive.

Working in partnership with the City and the Oregon Trail chapter of the Korean War Veterans Association, the KWMFO annually produces events each year for Memorial Day, Veterans Day, and Korean War Remembrance

“We’re grateful recipients,” said Kris Ammerman, the City’s Parks and Recreation Director. “The real reward is in knowing that the work we do is providing high-quality amenities that are contributing to peoples’ lasting memories.”

The Stein-Boozier Barn and surrounding event grounds, as pictured in 2008 (above) and in 2023 after significant work completed by the City’s Parks and Recreation staff. The City was recently recognized by the Oregon Recreation and Parks Association (ORPA) for its management of the 124-year-old property.

Climate Change Survey: Inform the City’s Action Plan

The impacts of climate change are becoming more evident in Wilsonville and throughout Oregon. Wildfires, extreme heat, and heavy rainfall are occurring with increasing frequency and severity.

To address causes of these effects, the City of Wilsonville is developing a Climate Action Plan (CAP) to serve as a roadmap to achieve net-zero greenhouse gas emissions. The Plan provides a vision that seeks to improve lives by reducing costs, pollution, and emissions.

To inform this work, the City is hosting a 10-15 minute survey to gauge resident opinions about the effects of climate change and possible strategies to affect change locally. The survey is available until Nov. 15 at [LetsTalkWilsonville.com/climate-action-plan](https://www.wilsonville.com/lets-talk-wilsonville/Climate-Action-Plan)

Climate action planning is a multi-faceted planning process with broad implications. It includes Identifying goals and outcomes, developing a community-wide greenhouse gas inventory, forecasting emissions, outlining focus areas and strategies for

mitigation, and planning and facilitating equitable engagement with the community.

The process incorporates many dimensions of regional and municipal planning and requires the involvement of multiple City departments, interested and affected parties, and communities throughout all phases of planning and implementation.

The City has long been engaged in sustainability initiatives, including participation in the EPA’s Green Power Communities program and implementation of electric buses. The Climate Action Plan builds on the City’s work, and is to be informed by its Comprehensive Plan, Bike and Pedestrian Master Plan, Urban Forest Management Plan, and Transit Master Plan as well as State, County and regional plans.

For more information on the development of the Climate Action Plan, contact Kerry Rappold, Natural Resources Program Manager, 503-570-1570, rappold@ci.wilsonville.or.us

PGE Charging Stations to be Closed for Upgrades This Month

For 3-4 weeks, beginning Nov. 4, the PGE Electric Avenue (EV) charging stations at the Wilsonville Library will be closed so that Portland General Electric can upgrade the stations to provide faster charges and more efficient payment.

PGE is installing four new ChargePoint DC fast chargers (capable of up to 160 kW) and one ChargePoint 6.2 kW level 2 charger with two ports. These faster, more reliable chargers are a significant upgrade from the 50 kW chargers initially installed in 2020.

Electric Avenue pricing remains unchanged; purchase includes up to two hours of charging and parking time. During non-peak hours, the fast-charging option delivers approximately 100 to 200 miles of range in 30 minutes for \$5. A level 2 charge yields about 10 miles of charge in 30 minutes for just \$3.

The new chargers include ‘tap to pay’ technology to allow for faster, more-reliable payments. Go to [chargepoint.com/drivers/support](https://www.chargepoint.com/drivers/support) for payment options and driver support.

For details on all the Electric Avenue charging locations and driver information, visit [PGE.com](https://www.pge.com).

TVF&R Kitchen Safety Tips: Put a Lid on Cooking Fires!

Cooking is one of the leading causes of home fires and fire injuries. Last year, more than one-third of the residential fires that required Tualatin Valley Fire & Rescue response began in a kitchen.

TVF&R crews encourage you to minimize your risk of a fire by organizing a safe kitchen and practicing these safe cooking tips:

- Keep a watchful eye on what you are cooking — never leave cooking unattended.
- Keep your cooking area clean, including the stove top, oven, and exhaust fan.
- Keep dish towels and pot holders away from the burners on your stove.
- Watch your sleeves to prevent them from catch-

- ing fire or getting caught on pan handles.
- Cooking oil can ignite quickly. Heat oil slowly and watch it closely.
- Keep a fire extinguisher in your kitchen. Store it in an easy-to-reach location and know how to use it. The discharge of a portable fire extinguisher only lasts between eight and 10 seconds.

Put a Lid on It!

The easiest way to extinguish a small pan fire is with the pan’s lid. Turn off the burner to remove the heat and carefully slide a pan lid over the pan from the side. The lid will smother the fire. Do not move the pan until the fire is completely extinguished and the pan has cooled. If you do not have a pan lid, a baking sheet or pizza pan can do the job.

Never transfer a burning pan from the stovetop to the sink or out an exterior door. The fire may grow in size and burn you or spread to the countertop, cabinets, or curtains.

Grease and Water Do Not Mix

Never pour water on a grease fire. Water causes these fires to explode as the burning material stays on top of the water, causing it to spread and putting you at severe risk of getting burned.

If the fire is large and/or continues to grow, do not attempt to extinguish it. Quickly get everyone outside and immediately call 911 from a cellphone or neighboring house. For additional tips, visit [tvfr.com](https://www.tvfr.com).

POLICE CHIEF'S CORNER

What's Day-to-Day Life Like at the Police Department?

The Wilsonville Police Department is unique among City departments because we operate 24 hours a day, seven days a week, responding to calls and patrolling our community.

People often ask what the job is like day-to-day as police officers. To help give you a better understanding, let's take a look at police activity during the month of August, typically one of our busier months of the year.

Police Chief Rob Wurpes

Throughout the month, we responded to 1,175 calls. That is just slightly higher than the same period last year. Our busiest time was Thursday at 3 pm, though peak times can vary from month to month.

On average, it takes about 10 seconds for a dispatcher to answer a 9-1-1 call, and about seven minutes, on average, to arrive at an emergency call anywhere in the city.

Those 1,175 calls include 543 calls to 9-1-1 or our non-emergency line and 632 officer-initiated calls, which includes actions like traffic stops and after-hours park checks.

The most common type of incoming call we received were requests to check on suspicious circumstances, people, or vehicles — 86 calls in total.

We greatly appreciate community members keeping an eye out for anything unusual in their neighborhoods.

On average, it takes about 10 seconds for a dispatcher to answer a 9-1-1 call, and about seven minutes, on average, to arrive at an emergency call anywhere in the city.

The next five most common types of calls were:

- Public assists, which typically involve general questions or non-criminal matters.
- Alarms, both business and residential.
- Parking complaints.
- Disturbances, which include responding to reports of verbal or physical altercations.
- Behavioral health-related calls.

Traffic-related complaints also ranked in the top 10 for August. Our enforcement efforts led to 224 traffic stops, resulting in 87 citations and 137 warnings. The most common violation was speeding. Additionally, there were 10 reported crashes during the month.

There's a lot more data available for those interested in learning more. You can find it online at clackamas.us/sheriff/stats

Every day is different. And every day, we remain committed to providing safe, high-quality, and equitable police services to our community.

Town Center Streets to Pay Homage to Justice Seekers

By Karla Brashear

The City's Diversity, Equity and Inclusion Committee is honored to have participated in a recent project to develop a street naming convention for future streets built as the Wilsonville Town Center vision comes to life.

In collaboration with the City's Planning and Engineering divisions, our committee began this work last fall, after the approval of the first development in Town Center that requires the construction of a new street. We were tasked with identifying specific names and/or themes to guide street naming, a process not specifically outlined in the 2019 Town Center Plan or the 2023 Town Center Streetscape Plan. Staff challenged our group to make choices that reflect the Town Center vision.

We considered several ideas initially, gaining some consensus around one concept that honored the trees, plants, and flowers native to this area, and another that sought to honor prominent individuals worth remembering.

Eventually, we honed in on a chosen theme: *"surnames of influential individuals from historically under-represented backgrounds who demonstrated a commitment to social justice in their lifetime."*

Criteria were established to guide our work, including honoring only those who are deceased, and prioritizing women, Indigenous people, and individuals of local or regional significance.

Our work was thorough, and we felt the considerable weight and excitement of identifying leaders who may not have previously been recognized for their commitment to a better world. After seeking feedback from the Indigenous community, we established that any developer seeking to honor an Indigenous person must have consent from an individual's tribe or family, in order to ensure the recognition is appropriate.

We developed a list of names from our research, including information from the Secretary of State's website regarding Black Oregonians and Women from the Suffrage Movement. The initial list, including more than 70 names, was vetted by the City's administrative intern. It was later expanded to consider Korean War Veterans and Chinese laborers who worked in the area.

In September, we pared the list to 24 names, which we recommend to City Council. In October, Resolution 3171 was adopted, amending the City's Street Naming Policy to include these names for developers to select from as the Town Center takes shape in the years ahead. You can find those names here: bit.ly/TCnames

It was a satisfying conclusion to a year of diligent work. We were honored to make a small contribution to Wilsonville that honors the legacy of these unsung pioneers of social justice.

Wilsonville resident Karla Brashear is an immigration attorney and chairs the City's Diversity, Equity and Inclusion Committee. Learn more about the work of the DEI Committee at letstalkwilsonville.com/dei or contact staff liaison Zoe Mombert at 503-570-1503.

Notable Actions: City Boards and Commissions

City Council	Action	What it Means
Oct. 7	The Council approved a contract with Andersen Pacific, Inc., to address failing components within the City's popular water features at Town Center Park and Murase Plaza.	The multi-phase project ensures that these popular summer amenities remain operational in the long-term.
Oct. 7	The Council adopted new policy, recommended by the City's Diversity, Equity, and Inclusion Committee, for new Wilsonville Town Center streets.	Any new streets would honor individuals who have made impactful contributions in the field of social justice.
Oct. 7	The Council approved of a contract with Tyler Technologies to convert the City's Enterprise Resource Planning (ERP) software to a software-as-a-service (i.e. online cloud-based) model.	This migration of seven core services reduces the number of systems and amount of storage space on City servers and provides a more disaster-resilient service model.
Oct. 7	The Council approved a \$20 million supplemental budget adjustment that reappropriates funds from the prior fiscal year budget to the current budget year.	This action advances several ongoing capital projects, including capacity expansion of the Willamette River Water Treatment Plant, construction of the Boeckman Dip Bridge, and Boeckman Road Street Improvements.
Oct. 7	The Council approved vacating about 0.35 acres of public right-of-way within the 27-acre OrePac property in Old Town that is no longer needed by the City to facilitate a connection to Kinsman Rd.	This action and the approval of a zone map amendment allow future site improvements to support Planned Development Industrial (PDI) land use, consistent with the Comprehensive Plan.
Sept. 16	The Council adopted an amendment to the 2019 intergovernmental agreement with Tualatin Valley Water District (TVWD) and the Willamette Water Supply System Commission.	A revised project timeline for the Raw Water Facilities Project is requiring a six-month extension of the project's completion date to June 30, 2025.
Sept. 16	The Council, on second reading, codified the Diversity, Equity and Inclusion Committee as a standing committee in Wilsonville Code.	This action strengthens the City's commitment to work advancing diversity, equity, inclusion, accessibility and belonging.
Sept. 16	The City Council adopted a set of legislative priorities for specific public policy issues	The priorities guide the City's advocacy work during the 2025 session of the Oregon state legislature in Salem.

City (Again!) Receives Awards for Budget Presentation and Financial Reporting

Once again, for the 27th consecutive year, the Government Finance Officers Association of the United States and Canada (GFOA) has recognized the City of Wilsonville's Finance Department with the Distinguished Budget Presentation Award and the Certificate of Achievement for Excellence in Financial Reporting.

These awards reflect the City Finance staff's long-standing commitment to meeting the highest principles of governmental budgeting and financial reporting standards.

"Earning this recognition year after year demonstrates remarkable consistency, effort and competence," City Manager Bryan Cosgrove said. "Establishing this long track record of transparency and responsible financial management is critical to the City's success."

To qualify for the Distinguished Budget Presentation Award, the City's budget document must be rated proficient as a policy document, a financial plan, an operations guide and a communications device; additionally, it must satisfy 14 mandatory criteria within those four categories.

The GFOA Certificate of Achievement for Excellence in Financial Reporting recognizes the City's annual comprehensive financial report for fiscal year 2022-23.

The report has been judged by an impartial panel to meet the high standards of the program, which includes demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story and motivate potential users and user groups to read the report.

Be Part of the Long-Term Solution: Host a Conversation on Housing

Housing is a front-of-mind topic affecting many in the Wilsonville community and throughout Oregon. The City's 2024 Community Survey indicated that housing-related concerns should be the City Council's top priority to address over the next five years.

To inform housing planning, the City's Planning staff has created a conversation guide that enables community members to host conversations with friends, family, and colleagues to discuss housing needs and how they could be supported by the City.

Information collected from these conversations will inform strategies considered in the Housing Our Future project.

Hosting a conversation takes just four steps:

- Visit Let's Talk, Wilsonville! to request your conversation guide.
- Invite people to your conversation. Anyone you

think has a compelling story to share about their housing experience.

- Host your conversation. Follow the guide's instructions to make your conversation a success!
- Share your results with us by Friday, Dec. 13, 2024.

To learn more about hosting or joining a housing conversation to inform the City's housing planning efforts, visit [LetsTalkWilsonville.com/housing-our-future](https://www.ci.wilsonville.com/lets-talk-wilsonville/housing-our-future)

For more information, contact Kimberly Rybold, Senior Planner, 503-570-1583, rybold@ci.wilsonville.or.us.

Civics Academy: Enrollment Continues Through Nov. 8

Community members may now apply to participate in the 2025 Civics Academy, a comprehensive seven-month program that provides residents with an in-depth overview of the City's business operations.

Each year, Civics Academy participants meet with City staff, elected officials and others to learn how the City functions. Monthly meetings are typically held 6-9 pm City Hall on the second Thursday of the month. Optional field trips to the State Capitol and the Coffee Creek Correctional Facility are also provided.

Civics Academy 2025
Apply by Nov. 8
Submit app. online

The Civics Academy curriculum includes lectures, field trips and other activities designed to educate residents on City process and chart a path for those interested in future roles on volunteer City boards or local non-profits. The program also provides a forum for community members to meet others who share an interest in local government.

The Civics Academy Class of 2024 celebrated graduation at City Hall in August. Enrollment for the 2025 program continues through Nov. 8.

Participation is limited to about 25-30 members annually, and provided at no cost. Civics Academy is open to Wilsonville residents, including high school students. When space permits, spots may be allocated to local business operators or employees who live outside of Wilsonville and work within city limits.

For more information, contact Zoe Mombert, Assistant to the City Manager, at 503-570-1503; Mombert@ci.wilsonville.or.us or go online at [ci.wilsonville.or.us/academy](https://www.ci.wilsonville.or.us/academy).

Community Cultural Events and Programs Grant Deadline is Nov. 15

Wilsonville non-profit organizations still have time to apply to receive a 2024 Community Cultural Events & Programs (CCEP) Grant. The grant aids local non-profits by funding projects, programs, or events that promote arts, culture, history and heritage, including festivals and special community events.

This grant program distributes \$25,000 annually to multiple organizations. Recent grant funding has supported Charbonneau Arts Association's Festival of the Arts and the Wilsonville Rotary's summer concert series.

CCEP Grant applications are due by Friday, Nov. 15. To learn more about City grant programs, or to apply, visit [WilsonvilleParksandRec.com/Grants](https://www.ci.wilsonville.com/parksandrec/grants).

For more information, contact: Brian Stevenson, Program Manager at 503-570-1523, stevenson@ci.wilsonville.or.us

Briefs

OIT Ranked High in Annual Report of Top Colleges in United States

Oregon Tech has maintained its position as one of the nation's top universities, according to U.S. News and World Report "Best Colleges 2025" rankings.

OIT, which has a campus in Wilsonville, is recognized as the second-best public college in the West, and the fourth-best among Western regional colleges. The school moved up five spots to the 53rd-best undergraduate engineering program and rose 11 spots among Top Performers on Social Mobility, which evaluates success enrolling and graduating students awarded Pell Grants.

U.S. News university rankings, published annually since 1983, are based on multiple criteria, including graduation and retention rates, graduation rate performance, social mobility, faculty resources, peer opinion, student excellence, financial resources, and alumni giving. The publication says it assigns the greatest weight to student outcomes, particularly assessing a university's ability to retain and graduate students within six years.

Full 2025 U.S. News and World Report's "Best Colleges 2025" rankings can be found at [usnews.com/colleges](https://www.usnews.com/colleges).

Reimbursement Available to Repair Sidewalks Damaged by Roots

Having been designated a "Tree City USA" since 1997, the City of Wilsonville recognizes the importance of healthy residential street trees, which enhance property value, offer shade, collect stormwater, and provide other environmental benefits.

Because roots from mature street trees can sometimes cause sidewalk damage, the City offers a Residential Sidewalk Repair Reimbursement Program. This program was developed to address and alleviate the financial burden that property owners may encounter when keeping sidewalks up to City standards.

Only repairs of sidewalks located along public streets are eligible for reimbursement, and only costs associated with repair or replacement of existing sidewalks because of street tree damage. The cost of tree removal and replacement may also be reimbursable, with approval from the Planning Department.

Property owners must obtain three competitive bids, and may only apply for one reimbursement for one property per calendar year.

The maximum reimbursement is the lesser of a) half the lowest bid or b) half of the invoiced amount, and is capped at \$1,500 per application.

Applications must be approved before work begins, and must pertain to residential property only. Work must be completed within 90 days of application approval (with a possible one-time extension available with

approval by the City). Applicants invoice the City for payment after work has been approved and completed.

Reimbursements are awarded on a first-come, first-served basis, with priority given to first-time applicants. Each year, applications are approved until the budget allotted for the program is exhausted.

Additional details and an application can be found on the City's website at bit.ly/3ZTfPMu

City's Annual Toy Drive Underway, Continues Through Dec. 6

Wilsonville Parks and Recreation is coordinating the City's annual toy drive for the benefit of in-need children in Wilsonville and Clackamas County. Until Dec. 6, residents may purchase and drop off new, unwrapped toys. All toys collected are to be donated to Wilsonville Family Empowerment Center and Clackamas County Compassion in Action for distribution to families in need this holiday season. Toy donations may be dropped at the following Wilsonville sites:

Holiday Toy Drive
Daily until Dec. 6
Wilsonville Community Ctr.
7965 SW Wilsonville Rd.

- **Holiday Tree Lighting Ceremony**
Town Center Park, Dec. 5 at 5 pm.

To learn more, visit WilsonvilleParksandRec.com or call 503-783-7529.

Wilsonville High School to Stage *Anastasia The Musical*, Nov. 7-16

Anastasia The Musical is being staged by Wilsonville High School students at the school's new Performing Arts Center, Nov. 7-16.

A fantasy story based on an animated movie inspired by actual events, *Anastasia The Musical* tells a moving story about finding personal identity in changing times.

Out of the ashes of Romanov-era Russia, heroine Anya must discover who she once was and who she wishes to become amidst political upheaval and the shifting social alliances that come with it.

Based on a 1997 film of the same name, *Anastasia* adapts the legend of the Grand Duchess Anastasia Nikolaevna of Russia, who was rumored to have escaped and survived the execution of the Russian Imperial family. The dazzling musical transports audiences from the twilight of the Russian Empire to the euphoria of Paris in the 1920s.

"This is a story that answers an unfortunate question: how do we heal from unspeakable pain?" said director Jason Katz

Six performances will be held; the show runs Thursday-Saturday over consecutive weekends; all shows are at 7 pm except for the 2 pm matinee to close the show on Nov. 16.

Tickets are \$14 for adults, \$12 for students and seniors. They may be purchased online at teachtix.com/wilsonville/anastasia. Advance purchase is recommended, as the show is expected to sell out. Because this show contains mature content, it is recommended for ages 10 and up.

Listening devices are available upon request at the box office.

City to Host Las Posadas Holiday Celebration on Dec. 17

To keep alive locally the cherished holiday traditions meaningful to many Wilsonville-area residents of Hispanic/Latin American descent, the City of Wilsonville welcomes guests to attend its second Las Posadas celebration on Tuesday, Dec. 17, 4-6 pm in the Wilsonville Community Center.

Highlighting the virtues of unity, hospitality and faith through the biblical story of Mary and Joseph's journey to Bethlehem in search of shelter, Las Posadas is a global nine-day event that takes place Dec. 16-24. Throughout Las Posadas, nightly celebrations re-enact the Nativity story, and feature piñatas and a rich assortment of food, music,

Las Posadas Celebration
Tue., Dec. 17, 4-6 pm
Community Center

and holiday tradition.

Presented by members of the City's Diversity, Equity and Inclusion Committee, Wilsonville's annual Las Posadas celebration includes light refreshments, music and other surprises to delight guests of all ages. All are welcome.

For more information, contact Zoe Mombert, mombert@ci.wilsonville.or.us.

The City's DEI Committee Recognizes the following November Events:

- Oct. 31-Nov. 5: Diwali
- Native American Heritage Month
- Nov. 1-2: Dia de Los Muertos
- Nov. 20: Transgender Day of Remembrance
