

*The Tiny Art Show was on display in the Library lobby through the month of March.*

## From the Director

March at the library means the wrap-up of our winter programs, and a short break as we plan and prepare for spring and summer.

Circulation is on the rise over this time last year. We are seeing a steady 6% increase in circulation of print books for all ages, with the greatest increase in circulation for our Library of Things at an increase of 63% over last year.

Program attendance is also on the rise compared to last year, with a 14% increase in teen attendance and a 54% increase in adult attendance. If it seems like we are busier, it's because we are!

*-Shasta Sasser, Library Director*
