Subject: Aurora Airport Safety Improvements

Dear Mayor Knapp and members of the Council,

Thank you for taking the time to look into the planned 1000 foot runway lengthening improvement at the Aurora Airport. Please register my strong support for this runway lengthening and for the substantial increase in safety it will provide to the aircraft operating off the Aurora Airport and to the surrounding areas. As a pilot and aircraft owner, we use the Aurora Airport regularly. But more important than that, I have had very close friends flown in to the Aurora Airport in a medivac plane resulting from a very serious automobile accident in Eastern Oregon. It is very important that the Aurora Airport receive all operational and safety upgrades as possible to maintain 24/7, all weather, safe operations.
