PLEASE SUPPORT THE AURORA AIRPORT RUNWAY EXTENSION & FAA GRANT APPLICATION!!!

Mayor Knapp and Distinguished Councilors,

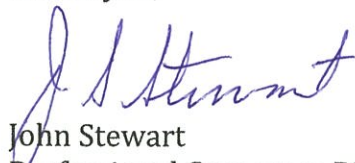

I am a retired American Airlines pilot and am currently flying citation aircraft for three companies based in the Las Vegas, Nevada area.

I frequently fly into the Aurora State Airport and while my business owners and their clients do business in the Wilsonville area, we stay in Wilsonville motels, eat in Wilsonville restaurants, rent cars and buy fuel in Wilsonville. I even frequent the local movie theatre and bowling alley while waiting to depart.

We support the Wilsonville business community.

As a professional long-time pilot, I can tell you that a longer runway is a safer runway.

Thank you,

John Stewart
Professional Corporate Pilot
