

To: The Wilsonville City Council, state legislators, Governor, members of the Oregon Congressional delegation and the FAA

From: Kathleen Harry - 7380 SW Fairway Drive, Wilsonville, OR

When I purchased my home in Charbonneau four years ago, I was well aware that there was a small "rural" airport just 1-2 miles from my home. I knew and accepted that there would be noise from small planes and helicopters because I expected it. I did not expect the airport to be expanded allowing private and corporate jets to be flying in and out of the airport making much more noise, creating more air pollution and creating more traffic on the roads.

I'm assuming that the \$37M that is being requested by the ODA to expand the airport is taxpayer dollars. It would make much more sense for those taxpayer dollars to be spent mitigating the traffic problems we already have on I-5 through Wilsonville than to be creating more traffic by increasing use of the airport. Why should our tax dollars be used only to benefit private and corporate jet owners when everyone would benefit from traffic improvements on I-5.

The airport in Salem is only 25 miles down the road and I imagine could easily handle the increased air traffic. If not, expand that airport instead of encroaching on the peace and tranquility of Aurora and the surrounding communities.

I respectfully ask that you not approve the expansion of Aurora Airport.
