RE: Request for Proposals - Cancelled
Programming Analysis for Art Tech Campus (CIP #9176)

The City has decided not to proceed with the Art Tech Programming Analysis at this time, pursuant to the "cancellation" clause in the Request for Proposals. In light of new information recently gathered from an architectural analysis conducted on the Kiva building, it is no longer in the City's best interest to proceed with CIP #9176. The findings of the study reveal that the Kiva building is going to cost more to renovate than was originally expected, therefore, the City is shifting from the current process to look holistically at the entire property. The intention is to put out a new RFP in the coming months that looks not only at the Art Tech and Kiva buildings, but also the Police/Public Works building and the entire Community Development Block as a whole.

The City of Wilsonville would like to thank all parties that took the time to prepare a formal proposal for this project. We understand the amount of time and effort this involves and appreciate your participation in this process.
