ORDINANCE NO. 90

AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF WILSONVILLE (Application of Landura Corporation)

WHEREAS, an Application was filed with the Wilsonville City Recorder, by Landura Corporation, owner of the hereinafter described property, for the purpose of changing the classification of the zone in which the real property is located from RA-1 (rural agricultural) to R-7 (single family residential). The application fee as required by Section 17.01 of Ordinance No. 23 (the city's zoning ordinance) has been paid. The following is a description of the real property, consisting of approximately 5.8 acres for which the application for a zone change was filed, to-wit:

Section 14, T. 3S, R 1 W, W.M.; Block 1, Lot 13 Clackamas County, Oregon.

WHEREAS, the Wilsonville City Planning Commission, before taking final action on said Application, and the proposed amendment, scheduled and held a public hearing on the matter as required by Section 11.02 of the Zoning Ordinance No. 23, and said hearing was held on September 12, 1977, and Notice of the time, place and purpose of said hearing was duly and regularly given by publishing in the Tigard Times, a newspaper of general circulation in the City of Wilsonville, not less than five days prior to the date of hearing and by written notice mailed by the City Recorder to all owners of property within 250 feet of the exterior boundaries of the property affected not less than 10 days prior to the date of hearing as required by Section 14.01(1)(A) and (B) of the Zoning Ordinance No. 23, and the Newspaper's Affidavit of publication and the City Recorder's Affidavit of Mailing are on file in the City Recorder's records and file of this zone change matter; and

WHEREAS, the City of Wilsonville Planning Commission at the time and place of public hearing on such matters, i.e., September 12, 1977, heard and considered testimony regarding the proposed

zone change, and upon conclusion of the hearing, by motion duly made, seconded and carried, recommended to the Wilsonville City Council that the proposed zone change be allowed, so as to change the zoning of the property from RA-1 (rural agricultural) to R-7 (single family residential); and

WHEREAS, the Wilsonville City Council considered the matter and the recommendations of the Planning Commission at a public hearing which was duly and legally called and held on October 3, 1977, after proper notice thereof was first duly given in the manner and for the time required by Section 14.01 of said Zoning Ordinance and ORS 227-260, and proof of the mailing of notice by the City Recorder to the property owners within 250 feet of the exterior boundaries of the affected property and by publication of notice of said hearing in the Tigard Times, a newspaper of general circulation in Wilsonville, Oregon, is on file in the office of Wilsonville City Recorder at the Wilsonville City Hall and is a part of the records and file of this matter; and

WHEREAS, proponents and opponents were heard regarding the proposed zone change at said hearing, and after further consideration of the matter and due deliberation on the report and recommendations of the City Planning Commission, the Wilsonville City Council by motion duly made, seconded and carried, determined as follows:

1. The proposed zone change is in accordance with the existing zoning ordinance and comprehensive plan.
2. There is a public need for the change.
3. The public need is better served by the proposed zone change on the subject property rather than on other property.
4. The change will preserve and protect the health, safety and general welfare of the residents in the area.

The Wilsonville City Council made the aforesaid findings based upon the following facts:

1. Zoning Ordinance No. 23 contemplates zoning amendments.
2. The intent of Zoning Ordinance No. 23 is to fully utilize property to its highest and best use.
3. This property represents the last remaining undeveloped acreage west of Seely Ditch and south of the city limits which is contiguous with single family residences.
4. That the close proximity of existing residential units indicates that development of the site would be timely and coordinate with the current residential growth pattern and existing traffic circulation plan.
5. That the number of allowed single family residential units can be served with existing sewer utilities which are located on the south boundary of the proposed zone change site.
6. The number of allowed single family residential units can be served with existing water utilities along Montebello Dr. at the corner of Evergreen Ave. With the addition of a planned new well, there will be sufficient system capacity to serve the proposed development.
7. Other major public services available to the site includes the Tualatin Rural Fire Protection District with a station in Wilsonville, the Clackamas County Sheriff's office, which provides police protection under contract to the city, and other services such as Portland General Electric, Northwest Natural Gas and Telephone service.
8. The Wilsonville General Plan and the land use portion of that plan shows the subject parcel as residential with a designated density of 7.1 to 12.0 dwelling units per acre. The requested zone change of approximately 5.8 acres envisions an average density of 3.6 dwelling units per acre.
9. Wilsonville has undergone a period of great growth pressure due in large part to its unique proximity to employment location and the urban centers of Portland and Salem. The housing completed in Wilsonville has been absorbed into the market very quickly.
10. The proposed zone change represents some of the closest

residential land to the existing commercial center of Wilsonville on Wilsonville Rd. It is within one-half mile of the only interchange to Interstate 5, servicing the central area of the City of Wilsonville.

11. The proposed zone change is on the major east/west arterial road that feeds the city center and the growing industrial area.

12. The proposed area to be rezoned is not an economic farm unit.

13. The site development will implement the current comprehensive plan and is compatible with both Clackamas County and CRAG's comprehensive or framework plan.

14. The development is compatible with the LCDC goal of utilizing urbanizable land for urban purposes.

THE CITY OF WILSONVILLE ORDAINS AS FOLLOWS:

Section 1: That the zoning map of the City of Wilsonville dated June 11, 1971, and adopted as a part of the city's Zoning Ordinance No. 23 adopted on the same date, shall be and the same is hereby amended and changed so that the zone boundaries of the R-7 (single family residential) shall now include the real property heretofore described, and upon the adoption of this Ordinance, said property shall thereupon be classified as R-7 (single family residential) and not as an RA-1 (rural agricultural) zone.

Section 2: The Mayor, attested by the City Recorder, is hereby authorized and directed to make the appropriate changes on the city's zoning map in compliance with the dictates of Section 1 of this Ordinance.

Section 3: It being deemed by the Wilsonville City Council that an emergency exists, this ordinance shall take effect immediately upon its final reading and passage by the Wilsonville City Council.

Passed on first reading of the Wilsonville City Council at a special meeting thereof on the 25th day of October, 1977; ordered

posted in three (3) public and conspicuous places in the City of Wilsonville for a period of five (5) consecutive days as required by the Wilsonville City Charter, and to come up for final reading and action of the Wilsonville City Council at a regular meeting thereof on the 7th day of November, 1977, at the hour of 7:30 o'clock p.m., at the Wilsonville Grade School.
