

RESOLUTION NO. 1751

A RESOLUTION OF THE WILSONVILLE CITY COUNCIL ADOPTING A CLARIFICATION OF THE FOOTNOTE IN EXHIBIT A TO RESOLUTION NO. 1719, FEE SCHEDULE FOR LAND USE AND DEVELOPMENT APPLICATIONS.

WHEREAS, the footnote to Attachment A of Resolution No. 1719 is included with the fee schedule in order to clarify how to apply the "initial filing fee" when multiple applications are filed concurrently; and

WHEREAS, in fact, the language is confusing particularly when a zone change is included as a part of the Stage I and Stage II application; and

WHEREAS, it is the intent of this change in the footnote to clarify that the initial filing fees applied to the Stage I or Stage II applications whenever multiple applications are filed concurrently; and

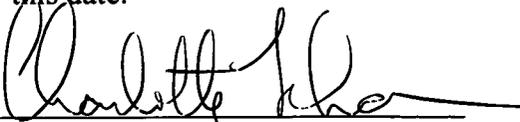

WHEREAS, this clarification is consistent with the original intent of the fee schedule adopted in Resolution No. 1719.

NOW, THEREFORE, THE CITY OF WILSONVILLE RESOLVES AS FOLLOWS:

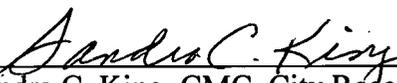

1. The footnote in Attachment A to Resolution 1719 (see page 7 of Exhibit A) is amended in part to read:

"Where multiple applications are filed concurrently, the initial filing fee will be charged plus 10% of the subsequent fees. The initial filing fee shall apply to either the Stage I or Stage II land use application, whichever would be processed first under the Planned Development Regulations. For example, if Stage I and Stage II applications are filed concurrently, the full Stage I application fee will be charged, along with 10% of the Stage II fee." as set forth herein as Exhibit A.

ADOPTED by the Wilsonville City Council at a special meeting thereof this 24th day of January 2002, and filed with the City Recorder this date.

CHARLOTTE LEHAN, MAYOR

*Footnotes (“building square footage” applies only to the ground-floor building footprint):

Planning Director to determine (subject to appeal) if an amendment to a previously approved plan or permit warrants requiring a filing fee for a new application. The Director shall make that determination based on a consideration of the amount of staff work necessary to process the proposed amendment, compared to the staff work needed to process a completely new application for the same development.

Where multiple applications are filed concurrently, the initial filing fee will be charged plus 10% of the subsequent fees. The initial filing fee shall apply to either the Stage I or II land use application, whichever would be processed first under the Planned Development Regulations. For example, if Stage I and Stage II applications are filed concurrently, the full Stage I application fee will be charged, along with 10% of the Stage II fee. In the case of a subdivision or partition within a planned development, no tentative plat filing fee shall be required (beyond the Stage I or Stage II filing fee).

Property within the Significant Resource Overlay Zone (SROZ) will be deleted from area calculations for the purpose of determining fees.
