

RESOLUTION NO. 1217

A RESOLUTION ENDORSING THE METRO 2040 GROWTH CONCEPT AND ENCOURAGING EARLY IMPLEMENTATION OF THE 2040 PLAN PRINCIPLES.

WHEREAS, the Portland metropolitan area is experiencing rapid population growth and the region will have to accommodate 700,000 new people by 2015; and

WHEREAS, the passage of House Bill 2709 by the Oregon Legislature increases the need to identify areas of growth inside the urban growth boundary; and

WHEREAS, later implementation of the 2040 Plan may mean that low density growth patterns will consume land slated for more compact development, which results in sprawl; and

WHEREAS, the city of Wilsonville, through its growth management ordinance (Ordinance No. 431), and through the West Wilsonville master plan for the Dammasch State Hospital property is implementing features of the 2040 plan; and

WHEREAS, the entire region benefits from maintaining a tight urban growth boundary because it minimizes the need for new infrastructure, and protects farm land; and

WHEREAS, the city of Wilsonville can demonstrate activities and policies to support rapid implementation of the 2040 plan;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Wilsonville expresses its support for early regional implementation of the 2040 Plan and that the City Council expresses its willingness to work with Metro and other jurisdictions to make the 2040 Plan early implementation a success.

ADOPTED by the City Council of the City of Wilsonville at a regular meeting thereof this 18th day of September, 1995, and filed with the Wilsonville City Recorder this same date.
